Version 1.0.1
April 26, 2026

This End User License Agreement (“Agreement”) is a legal agreement between Haehae Design (“Licensor”) and you, the purchaser, downloader, installer, or user of the Font Software (“Licensee”).

By purchasing, downloading, installing, accessing, or using the Font Software, you agree to be bound by this Agreement. If you do not agree, you must not use the Font Software.

1. DEFINITIONS

- 1.1 Font Software means the font software, typeface software, font files, and any related files or digital materials supplied by the Licensor.
- 1.2 Licensee means the individual or legal entity to whom the license is granted. If a designer, agency, freelancer, consultant, or other intermediary purchases the Font Software for a client, the client is the Licensee.
- 1.3 Authorized User means an employee, freelancer, contractor, temporary worker, or other person authorized to use the Font Software solely for the Licensee’s benefit, within the scope of the purchased license, and in connection with the licensed project or the Licensee’s internal business purposes.
- 1.4 Device means a desktop computer, laptop, or similar digital device on which the Font Software is installed or accessed.
- 1.5 Commercial Project means one distinct commercial design project, including but not limited to one T-shirt design, one packaging design, one campaign, one non-trademark logo, or similar commercial use.
- 1.6 End Product means a final output incorporating the Font Software in a static, flattened, outlined, or read-only form, whether printed or digital, including merchandise, packaging, graphics, presentations, and similar outputs.
- 1.7 Logo Use means use of the Font Software to create a logo, wordmark, or other brand visual. Logo Use under this Agreement permits the creation and use of such artwork, but does not include any exclusive right, trademark right, service mark right, registration right, or similar protected right in the resulting work.
- 1.8 Read-Only Embedding means embedding in a format that allows viewing or printing only, without allowing extraction, editing, reuse, or access to the Font Software as a usable font file

2. OWNERSHIP OF THE FONT SOFTWARE

The Font Software is licensed, not sold. All rights, title, and interest in and to the Font Software remain the exclusive property of the Licensors. No ownership rights are transferred to the Licensee under this Agreement.

3. COPYRIGHT AND INTELLECTUAL PROPERTY

The Font Software is protected by copyright, intellectual property laws, and other applicable laws and treaties. All rights, title, and interest in and to the Font Software are owned by Haehae Design.

All rights not expressly granted under this Agreement are reserved by Haehae Design. This Agreement grants the Licensee only a limited right to use the Font Software in accordance with this Agreement. It does not grant the Licensee any ownership interest in the Font Software or any intellectual property rights in the Font Software itself.

Subject to this Agreement, the Licensee may own the copyright or other rights in original design work created using the Font Software, but such ownership does not include ownership of the Font Software itself or any right to claim exclusive rights in it.

4. WHO MAY USE THE FONT SOFTWARE

The Licensee may use the Font Software only within the scope of this Agreement. The Font Software may be used by the Licensee and its Authorized Users, provided all such use is solely for the Licensee's benefit and remains within the applicable license limits.

5. BUYING FOR A CLIENT OR THIRD PARTY

If the Font Software is obtained by a designer, studio, agency, consultant, freelancer, or other intermediary on behalf of a client, the license belongs to the client, not the intermediary, unless expressly agreed otherwise in writing by the Licensors.

The intermediary may use the Font Software only for work related to that client and may not reuse the Font Software for other clients, internal work, or unrelated projects unless separately licensed.

6. SCOPE OF LICENSE

Subject to compliance with this Agreement, the Licensors grants the Licensee a limited, non-exclusive, non-transferable, revocable license to use the Font Software free of charge only as expressly permitted by this Agreement.

Any use not expressly permitted under this Agreement is prohibited.

8. LICENSE TYPES

This Agreement applies only to the Free for Commercial License.

This license includes specific limits relating to users, devices, projects, copies, media, and permitted uses. Any use beyond the scope of this Agreement requires a separate license from the Licensor.

The Free for Commercial License terms are set out in Section 9. Other license types may be offered separately by the Licensor.

9. FREE FOR COMMERCIAL LICENSE

The Free for Commercial License is a free license intended for freelancers and small businesses for everyday design work, subject to the terms below.

9.1 User and Device Limit

The Free for Commercial License permits:

Whichever limit is reached first applies.

Personal use is permitted without limit, provided such use otherwise complies with this Agreement.

9.3 Commercial Projects

The Free for Commercial License permits use in up to ten (10) Commercial Projects.

For clarity, one Commercial Project may include one T-shirt design, one packaging design, one campaign, one non-trademark logo, or similar commercial use.

9.4 End Product Limit

The Free for Commercial License permits up to ten thousand (10,000) End Products in total.

9.5 Logo Use

The Free for Commercial License permits Logo Use only on a non-exclusive, non-trademark basis.

You may create and use logos or wordmarks using the Font Software, but you may not register, claim, or attempt to secure any trademark, service mark, exclusive ownership right, or similar protected right in any logo, wordmark, or design created with the Font Software.

Any use requiring trademark registration or exclusive brand protection requires a separate Logo License.

9.6 Social Media Use

The Free for Commercial License permits only non-commercial social media use. You may use the Font Software in social media images or videos only where the content is not sponsored, paid, monetized, promotional, or otherwise intended to generate direct or indirect financial benefit.

Any monetized, sponsored, paid, promotional, or other revenue-generating social media use requires a separate Social Media License.

9.7 Design Tools

The Free for Commercial License permits the Font Software to be uploaded to and used within design tools such as Canva, Figma, and similar platforms for static design creation, provided access is limited to Authorized Users involved in the licensed project, the applicable user and device limits are not exceeded, and the Font Software is not made available to the public or to unlicensed users through team libraries, shared templates, or other broadly accessible environments.

Freelancers, contractors, and other temporary collaborators must delete access to the Font Software when their involvement in the project ends, unless they hold their own valid license.

9.8 Read-Only Outputs

The Free for Commercial License permits use of the Font Software in PDFs, presentations, and similar read-only outputs, provided the Font Software cannot be extracted, edited, reused, or independently accessed as a usable font file.

10. THIRD PARTIES, CONTRACTORS, AND FREELANCERS

Freelancers, contractors, consultants, and temporary workers may use the Font Software only on behalf of the Licensee, within the licensed scope, and for the duration of the relevant engagement.

Such persons must delete all copies of the Font Software immediately upon completion of the project or termination of their engagement, unless they hold a separate valid license.

11. DOCUMENT EMBEDDING AND READ-ONLY OUTPUTS

The Font Software may be used in documents, presentations, PDF files, Word files, PowerPoint files, and similar materials only where such use is permitted by the applicable license and the Font Software is included in a read-only form.

The Font Software must not be embedded, included, or distributed in any way that allows others to extract, edit, reuse, or access it as a usable font file.

This section applies only to document and presentation use. Use in publication, book, or e-pub is governed separately by the applicable license terms.

12. RESTRICTIONS AND PROHIBITED USES

The Licensee must not, and must not permit any third party to:

- Share the Font Software with unlicensed users

However, the Licensee may not modify, reverse engineer, adapt, decompile, disassemble, alter, or create derivative works from the Font Software itself, and may not create modified font files or derivative fonts.

14. TERM AND TERMINATION

This Agreement remains in effect until terminated. The Licensor may terminate this Agreement immediately if the Licensee breaches any term of this Agreement. Upon termination, the Licensee must immediately stop using the Font Software and delete all copies in its possession or control. Termination does not limit any other legal or equitable rights available to the Licensor.

15. NO REFUNDS

No license fee is charged under this Agreement. To the extent permitted by applicable law, the Font Software is provided as-is and no refunds, returns, exchanges, or compensation are available.

16. DISCLAIMER OF WARRANTY

The Font Software is provided “as is” and without warranty of any kind, whether express or implied, including warranties of merchantability, fitness for a particular purpose, non-infringement, performance, compatibility, or availability. The Licensor does not warrant that the Font Software will be error-free, uninterrupted, or suitable for the Licensee’s intended purposes.

17. LIMITATION OF LIABILITY

To the fullest extent permitted by law, the Licensor is not liable for any indirect, incidental, consequential, special, punitive, or exemplary damages, including loss of profits, revenue, goodwill, business, or data, arising out of or relating to the Font Software or this Agreement.

In all cases, the Licensor’s total liability shall not exceed the amount actually paid by the Licensee for the applicable license.

18. GOVERNING LAW AND JURISDICTION

This Agreement is governed by and interpreted in accordance with the laws of Indonesia, without regard to conflict of laws principles.

Any dispute arising out of or relating to this Agreement is subject to the jurisdiction of the competent courts of Indonesia, unless applicable law requires otherwise.

19. GENERAL PROVISIONS

This Agreement constitutes the entire agreement between the Licensor and the Licensee concerning the Font Software and supersedes all prior understandings relating to it.

If any provision of this Agreement is found invalid or unenforceable, the remaining provisions remain in full force and effect.

Failure by the Licensor to enforce any provision of this Agreement does not constitute a waiver of that provision or any other provision.
